

KNOW YOUR LICENSURE

When was the last time you checked your licensure? This can be extremely important piece of housekeeping for all teachers to make sure their careers are secure.

If anyone puts a flag on your license for ANY REASON (including a spurious reason from years ago or a minor investigation that is now closed), that flag can still be attached to your license. Many investigations in PED's system are on a waitlist and can take years to clear. If you try to ever get a teaching job outside of New Mexico, that flag can prevent you from getting hired at another school.

To check the current state of your licensure visit **licensureapp.ped.state.nm.us/login**. All licensed teachers in the state of New Mexico should have a login info from their initial application for a license. Please contact New Mexico PED with any technical issues. And remember to check your license status at least once a year, and certainly before moving out of state.
